Green Light New York

On June 17, 2019, Governor Andrew Cuomo signed the Green Light bill, which grants **driver's licenses for ALL New Yorkers!** The passage of this bill is a win for the safety of all New Yorkers. We are all safer when ALL drivers are properly licensed, tested, and insured. Hardworking immigrants will now be able to access a driver's license to drive to work or take their children to school without fear that a minor stop could lead to detention or even deportation.

Throughout 2018, Neighbors Link worked closely with the Green Light NY Coalition. We are extremely grateful to all the advocates who attended rallies and to all the elected officials who championed this bill.

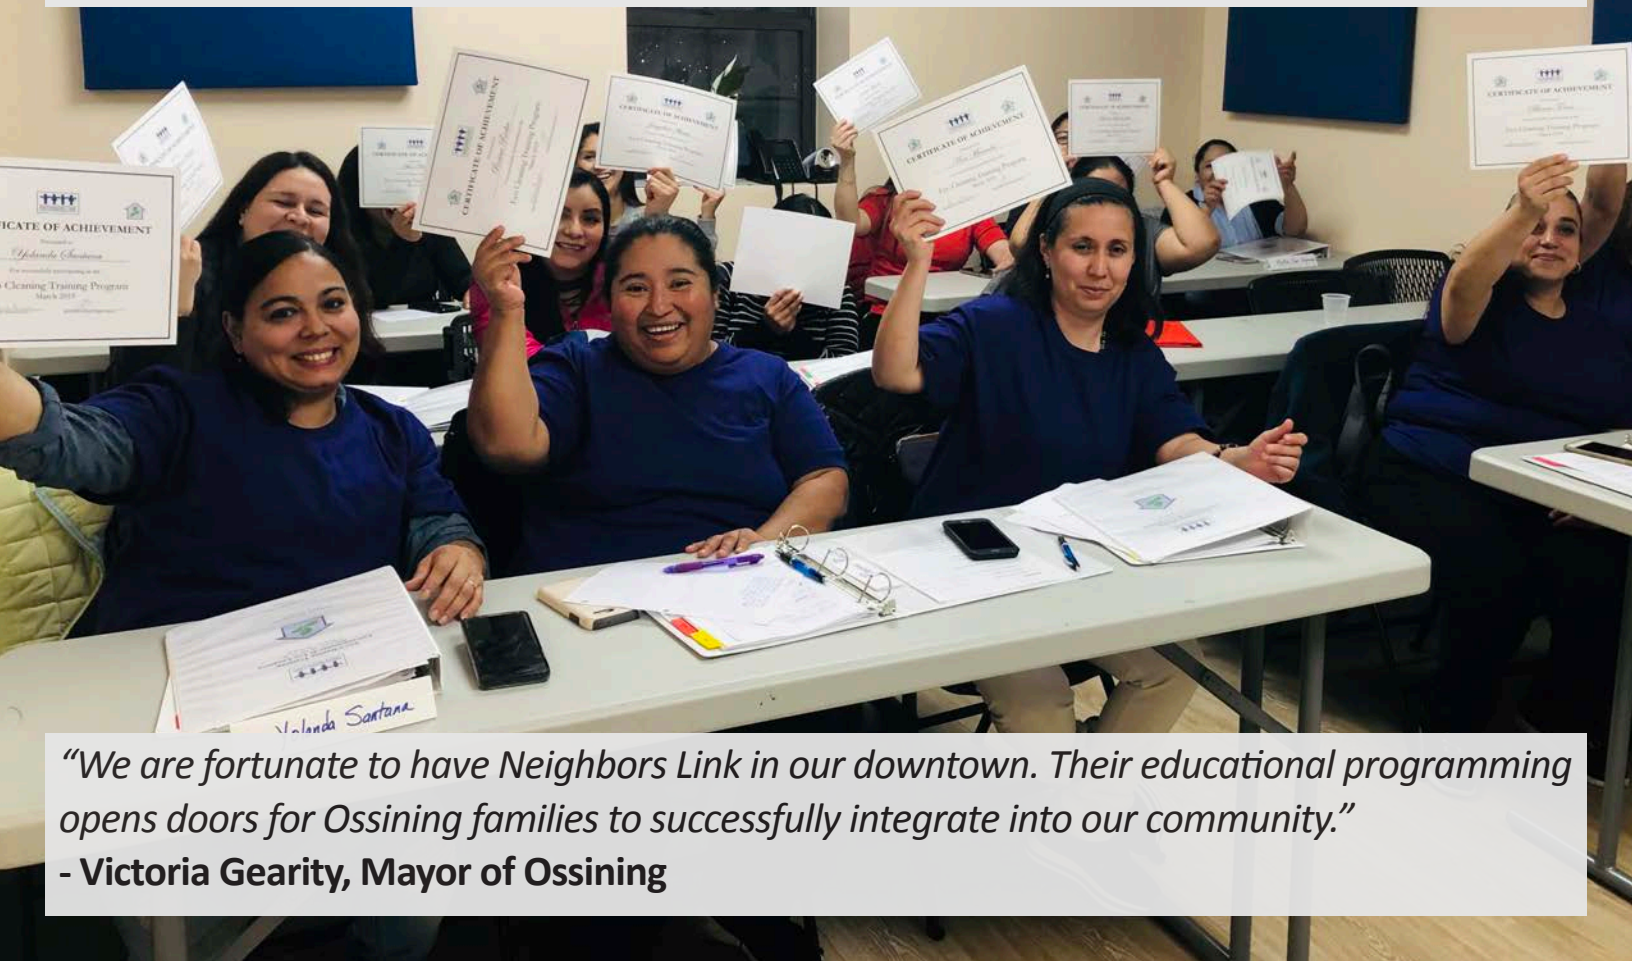

“Westchester County is a melting pot of many cultures, and strives to be a place where all members of our community can thrive regardless of race or ethnicity. As we work towards this goal, Neighbors Link has been an excellent community partner. They support our County’s immigrant population, and have been with us for the signing of the Immigrant Protection Act and an Executive Order ensuring vital County documents are available in multiple languages.

Carola Otero Bracco, and her team at Neighbors Link, provide valuable services to the newest members of our community. They empower immigrants through ESL classes, family support programs, and by helping them find jobs and obtain legal services. They provide valuable information on immigrant issues and help our County thrive.”

- Westchester County Executive George Latimer

OSSINING

One Year Later...

"We are fortunate to have Neighbors Link in our downtown. Their educational programming opens doors for Ossining families to successfully integrate into our community."
- Victoria Gearity, Mayor of Ossining

Since opening our center in Ossining on April 9, 2018, we have served **1,200 people** with the following programs:

Neighbors Link has been a New York State Office for New Americans Opportunity Center since 2016.

In 2019, we were also selected to be part of the **Liberty Defense Project Rapid Response Program** to provide dedicated attorneys to assist immigrants in urgent, time-sensitive legal jeopardy.

Obtaining a green card is a complex and difficult process. The law only allows a few categories of people to qualify and for those who are eligible, it can often take several years to complete the process. We are thrilled for all the individuals and families who worked with **Neighbors Link Community Law Practice** and were able to secure green cards in 2018.

"We look forward to the regular trainings that Neighbors Link does for our law enforcement officers, both at the police academy and at Neighbors Link. It gives us an opportunity to learn more about the communities we serve, develop trust, to improve communication and to reduce fear and stigma for everyone. The more I see and learn about Neighbors Link and the work that they do, the more impressed I am. Westchester County is a safer place because of our partnership with Neighbors Link."

- Thomas A. Gleason, Commissioner-Sheriff, Westchester County Dept. of Public Safety

Building Trust, Breaking Stereotypes

Throughout 2018, Neighbors Link and the North American Family Institute (NAFI) brought together staff from the Westchester County Department of Social Services and Yonkers and Mount Vernon police departments for intensive trainings designed to develop trust and improve communication.

Neighbors Link recently launched a new program in Mount Kisco for **parents of school-age children**. The goal of this program is to ensure that parents understand how the local school system functions and have the skills needed to navigate school routines, homework and report cards so they can help their children succeed.

“Neighbors Link’s education programs, workforce development, and family center provide vital services that assist those newly arrived to our country successfully integrate into life in our village. Neighbors Link is a valued partner in our community.”

- Gina Picinich, Mayor of Mount Kisco

New Programs to Support Families and Individuals

Our new **Culinary Skills** class teaches students the basic skills needed to work in a restaurant kitchen! The class includes a site visit to a local restaurant and preparation for the ServSafe Food Handler Exam. It is a great addition to the many workforce development programs already offered at Neighbors Link.
