## Neighbors Link

### Your Support Empowers Lives

It takes resilience and determination to make the difficult decision to leave your home country to pursue a better life for your family. Your support to empower immigrant individuals and families has helped make that journey a little easier.

Over the past two decades, we have supported parents as they raise bicultural and bilingual children who self-advocate for their rights. We have worked with young children who came to Neighbors Link programming years ago and who have not only attended college but are now professionals in medical research, physical therapy, nursing, accounting, and construction management. We have joined with long-term and newer residents in advocating for legislative change locally, and on the state and national levels. We have worked together to address long standing inequities that have been exacerbated by the COVID-19 pandemic.

The past two decades have shown again and again that immigrants make our communities stronger, safer and more vibrant. As we look to the future, we are excited to share our new logo with you, which graphically represents our work of empowering immigrant families and strengthening the entire community through the integration of immigrants. By bringing the many diverse strands of our community together, while still retaining and celebrating our unique heritage and background, our community is made stronger. Thank you for your support and joining us as we continue to build a future where all of our residents can thrive.

# A Journey in the Making

2001-2009:

## A Community Comes Together

**From the earliest days,** Neighbors Link focused on empowering immigrants as well as engaging the entire community. Founding programs, such as the Worker Center, English as a Second Language (ESL) and robust volunteer opportunities were part of this vision. In ESL classes, long-term residents sat side by side with newer neighbors, not only practicing English language skills, but forging relationships and making our community stronger. Many volunteers took it upon themselves to learn some Spanish to better bond with clients. As immigrants and employers started coming to the Worker Center, the entire community benefitted from safe job negotiations and advocacy for better protections for workers. The Friends of

Neighbors Link, a dynamic group of dedicated volunteers, formed to support Neighbors Link through fundraising and community outreach.

These early efforts set the tone to overcome the significant hostility to immigrants by bringing the community together and building trust. In the years that followed, developing meaningful partnerships with other organizations in the community allowed this work to expand. By 2006, Neighbors Link was working with the Bedford Central School District to provide after-school and summer enrichment programs. The Mount Kisco Police Department joined us in creating the Police and Community Together initiative to build trust and understanding between law enforcement and the immigrant community. These long standing partnerships have laid a foundation to build on as we continue to deal with systemic inequities and injustice against immigrants.

2010-2016:

## Programs and Partnerships Grow

**A decade after the founding** of Neighbors Link, it was clear that there was a demand for more family-based programming, community education and opportunities for immigrants to take a strong leadership role in programming and advocacy.

In 2011, the Family Center launched to provide support for parents raising bilingual, bicultural children. Thanks to active community support and deeply engaged participants, the Family Center quickly became a place where parents could receive support in preparing their children for success in school and beyond, while also strengthening family bonds and encouraging a sense of inclusion and community among all participants.

Neighbors Link and Northern Westchester Hospital partner to provide large scale cultural awareness trainings to schools, police and government staff. These trainings provide an opportunity to demystify stereotypes, and conscious and unconscious biases. Our approach has always been to encourage residents from different backgrounds to learn about each other, and value each other's strengths and cultures.

Developing leadership and self advocacy among Neighbors Link program participants has always been a top priority. Clients take an active role not only in Neighbors Link programming but also in planning and participating in immigration advocacy campaigns in Westchester, Albany and Washington DC.

In 2016, Neighbors Link was selected by the New York State Office for New Americans to join its network of Opportunity Centers, acknowledging our success as a center for healthy immigrant integration and education. This designation is given to community organizations that deliver high quality programming and outstanding volunteer engagement, and demonstrates New York State's commitment to being a welcoming place for immigrants.

2017-2020:

# Legal, Legislation and Locations!

In the past several years, the demand for free immigration legal services increased dramatically with rapidly changing policies and draconian immigration enforcement measures. In 2017, Neighbors Link Community Law Practices launched with two attorneys to

provide free, high-quality, comprehensive immigration legal services. As the need has expanded, our legal team has continue to grow to include 6 attorneys and 3 paralegals. In addition, a robust legal volunteer

program allows us to maintain a constantly growing caseload while also providing consultations, referrals and educational presentations throughout Westchester, Rockland, Putnam, and Orange Counties. The director and managing attorney of Neighbors Link Community Law Practice are considered experts on immigration law and are frequently requested as speakers on the topic.

In addition to providing direct services, our legal team has helped expand Neighbors Link's work in advocating for fair and just policies related to immigration. Neighbors Link has assumed leadership roles engaging the community in efforts related to the Westchester County Immigrant Protection Act, NYS Green Light Bill for driver's licenses for

all, Westchester Anti Wage Theft law, Census 2020 as well as the NYS Excluded Workers Fund. In all of these efforts, immigrants and long-term residents have joined together to advocate for positive change.

To meet the growing demand for services, Neighbors Link also expanded geographically. In 2018, we opened a new Neighbors Link center in Ossining to provide comprehensive services and strengthen community ties. Additionally, Neighbors Link began a partnership with Westhab, known for affordable housing and community building work, to provide programs at Dayspring Community Center in Yonkers. In both Ossining and Yonkers, our efforts to develop strong community partnerships resulted in successful launches and built critical community trust.

2020-2021:

# A Pandemic Pivot

The COVID-19 public health crisis economically devastated low-income immigrant families in our county overnight, but also clearly demonstrated the vital role that immigrants play. During the pandemic and ensuing shutdowns, many immigrants faced job loss or significant wage reductions that left entire families without income. Others remained on the front lines, in jobs deemed "essential" and faced serious health concerns. Many immigrants were also left out of government benefit packages which intentionally excluded undocumented and off-the-books workers.

Due to strong community support, Neighbors Link quickly pivoted to provide urgent relief services for our clients and the community at large. Services provided during this time included cash relief, crisis and legal support, shelf stable food and hot meal distribution, grocery store gift

card distribution and delivery of essential items to isolated families. As vaccines became available, Neighbors Link was selected to participate in the NYS Vaccine Equity Task Force and assisted thousands of people in getting the vaccine. As we recover from the effects of the COVID-19 pandemic, we remain committed to helping families rebuild from the economic, social and medical devastation.

# Looking to the Future

**Thank you for joining Neighbors Link** over the past two decades in working to build a community where true integration is possible. As we move forward from the dark and challenging times of the pandemic, Neighbors Link is in a position of strength and stability. Having been sustained by the generous support and encouragement of donors, volunteers and community members, our work throughout the past few years has taught us invaluable lessons that will continue to strengthen the organization as we incorporate those lessons into our core programming and overall vision. Your support has brought us to a natural next phase where we can significantly expand our advocacy for fair immigration policies, work to address the inequities exposed by the pandemic, including digital equity, increase access to critical immigration legal services throughout the entire Hudson Valley, expand our full array of programming in Yonkers and beyond and continue to empower immigrant families throughout New York.
