

# Neighbors Link

**STRONGER COMMUNITIES  
THROUGH IMMIGRANT  
EMPOWERMENT  
AND INCLUSION:**  
2021-2022 Annual Report

Photo Credit: Bedford & New Canaan Magazine

**During the 2 ½ years of the COVID-19 pandemic**, immigrants in our area and across the United States showed incredible courage and resilience. Many low-income, essential workers fought for economic protections; parents learned to navigate digital education systems for their children; and residents across the state rallied to support each other.

Still, the social and economic devastation of the past several years has exacerbated pre-existing inequities, especially for low-income families. Immigrant communities across New York have faced economic disruptions, been left out of government aid programs, seen dramatic increases in mental health concerns and dealt with the impact of a growing digital divide.

In response, Neighbors Link has successfully expanded our geographic presence as well as our programming to empower and support immigrant individuals and families as they meet these new challenges. In the coming pages, we will share more about the various ways we have capitalized on lessons learned from the pandemic, managed crisis relief work, and are preparing immigrants for the workforce needs of the future.

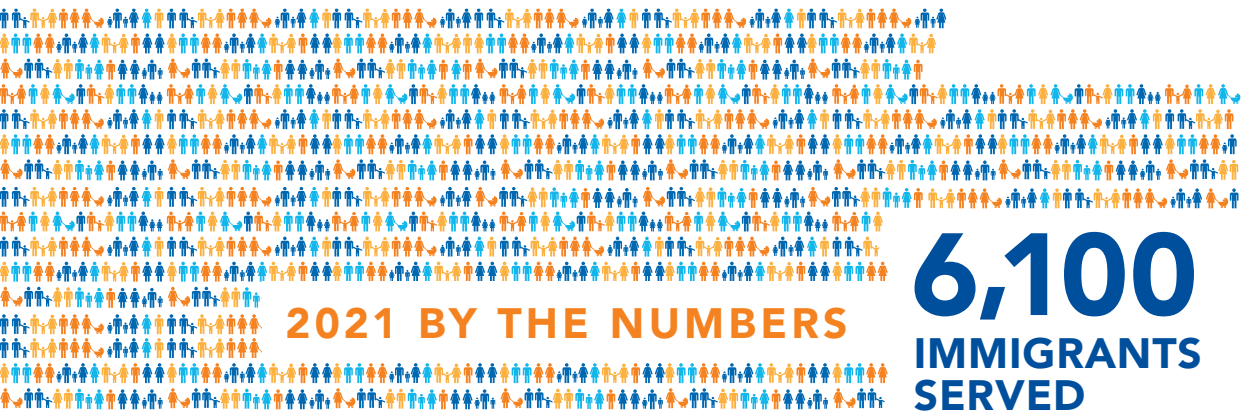

This is all made possible because of your support of Neighbors Link. Thank you for partnering with us to build a truly inclusive society where all residents have the opportunity to participate equally in the political, economic, social and cultural life of our community.

Carola Otero Bracco  
*Executive Director*

# 2021 By The Numbers

Neighbors Link’s mission is achieved by offering education, employment and empowerment programs for immigrant families and creating substantive partnerships with state, local and national organizations. Key to Neighbors Link’s mission is creating a shared forum for engagement between new Americans and longer-term residents through volunteerism, cultural awareness training, and civic advocacy. In 2021, this work became more urgent than ever with families trying to recover from the social and economic devastation of the pandemic.

Neighbors Link has **WIDE GEOGRAPHIC REACH**, with clients in over **100 towns across 11 counties** in New York.

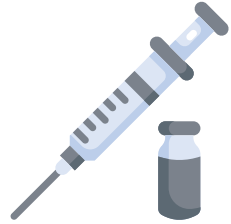

Neighbors Link serves clients who have come to the United States from **77 different countries across 5 continents**. The largest number of our clients are originally from **GUATEMALA AND ECUADOR**.

With support from private donors and government funders, Neighbors Link distributed **\$4 MILLION IN DIRECT FINANCIAL ASSISTANCE** over the past two years, allowing people to stay in their homes and feed their families. In 2021 alone, **\$2.8 MILLION** was distributed.

Nearly 400 volunteers donated more than **9,000 HOURS TO MAKE OUR WORK POSSIBLE**.

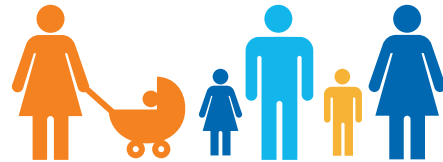

**INTENSIVE COVID-19 VACCINE OUTREACH** including:

- **2,000+** individual appointments
- **20+** vaccine clinics with healthcare partners.
- **93%** of the clients we serve are vaccinated.

Neighbors Link Community Law Practice handled **843 LEGAL CASES**. 95.5% of completed cases resulted in a successful outcome.

**14,000+ RESIDENTS REACHED** with 114 community engagement programs on topics such as:

- **LEGAL RIGHTS**
- **CULTURAL AWARENESS TRAINING**
- **IMMIGRATION POLICY**

**IN-PERSON AND ONLINE PROGRAMMING**

- **ADULT EDUCATION**
- **FAMILY CENTER PROGRAMS**
- **ENGLISH FOR SPEAKERS OF OTHER LANGUAGES CLASSES**
- **WORKFORCE DEVELOPMENT TRAINING**

# Doubling our space to meet the needs in Ossining

**In April 2018**, after years of grassroots work with local stakeholders, Neighbors Link opened our center in Ossining at 23-25 Spring Street. In the years since, our commitment to serve the Ossining community has only deepened.

In 2021, Neighbors Link began a construction project that will enable us to have more than 5,000 square feet of physical space at our center in Ossining. This storefront space in the center of Ossining's downtown business district will significantly increase our capacity to serve more people and position us to contribute to community revitalization goals.

For years, Neighbors Link has partnered with Ossining leadership and community groups through our bi-monthly Stakeholder meetings to ensure that our programs are best supporting the needs of the community. This year, the Village of Ossining won a \$10 million grant that will fund the revitalization of downtown Ossining. Neighbors Link has supported all of Ossining's revitalization initiatives and worked to ensure that the immigrant community has a strong voice at the table in community discussions. For example, when the village was working on a sidewalk improvement project, Neighbors Link clients provided input for how to make the area around Spring Street walkable and

stroller-friendly. Neighbors Link's expanded space will help the Village of Ossining as it works towards its goals of revitalization, economic growth and building an inclusive community where all residents can thrive.

## EXPANDED STORE-FRONT SPACE WILL ALLOW FOR:

- More sessions of ESOL, Technology and Parent-Child Together classes
- Regular Workforce Development programs, including Eco-Cleaning and OSHA 10 and OSHA 30 trainings
- Expanded space for our growing Neighbors Link Community Law Practice, including our free weekly immigration law helpline
- Space for community meetings and educational programs

# Investing in Yonkers

**Yonkers is a diverse city** in which over 30% of the population is foreign born. This diversity leads to a culturally rich community. At the same time, a significant portion of the immigrant population faces challenges such as traumatic migration journeys, low-paying jobs, employer abuses and concerns about legal status.

Neighbors Link has been partnering with Westhab, a large nonprofit organization focused on quality affordable housing, to provide programming in Yonkers since 2017. With Westhab opening Dayspring Community Center at 320 Walnut Street in 2022, Neighbors Link will be able to consistently provide a comprehensive array of services to individuals and families in the Nodine Hill section of Yonkers. Active programs include English for Speakers of Other Languages, Parent Education, Parent-Child Together classes, immigration legal services and cultural awareness training for Police Officers and Department of Social Services staff members.

In all programs, Neighbors Link is working closely with Westhab and the local community to ensure that programs are developed to meet the specific needs of the immigrant community in Yonkers.

**“The partnership between Westhab and Neighbors Link in Yonkers works especially well because our agencies share the same values of treating clients with dignity and respect, while offering programming that **BUILDS RESILIENCY AND EMPOWERMENT.**”**

— Rich Nightingale, CEO, Westhab

# Digital Inclusion

**During the COVID-19 pandemic**, pre-existing inequities in digital access were amplified and it became clear that most Neighbors Link clients had low levels of digital literacy and insufficient internet access for online schooling or remote work.

Neighbors Link is working to address these needs through a variety of efforts, both immediately and in the long term. In 2021, we created the first beginner-level curricula for digital education. These classes are offered at all of our centers and we are currently surveying clients to best address the digital skills they want to learn.

## TECHNOLOGY CLASSES COVER TOPICS SUCH AS:

**SECURITY: PROTECTING YOUR IDENTITY**

**COMPUTERS & CHROMEBOOKS**

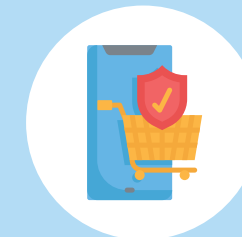

**EMAIL ACCOUNTS**

**PROFESSIONAL EMAILS**

**MEDICAL & SCHOOL PORTALS**

**ONLINE SHOPPING**

**Digital literacy is critical for basic needs such as:**  
**COMPLETING SCHOOL REGISTRATIONS, APPLYING FOR DRIVER'S LICENSES, COMPLETING IMMIGRATION LEGAL FORMS, JOB SEARCHES, AND MAKING DOCTOR'S APPOINTMENTS.**

# IMMIGRATION LEGAL SERVICES TRANSFORM LIVES

**Neighbors Link Community Law Practice** has been providing high-quality, free immigration legal services since 2017. Our legal team has expanded from just two lawyers in 2017 to our current team of 7 immigration attorneys, 5 paralegals, one legal community liaison, and 50 volunteers. Additionally, several law firms donate nearly 1,000 hours of in-kind work annually. In 2021 alone, our legal team handled 843 legal cases and 95.5% of completed cases resulted in a successful outcome. The law practice also operates a free weekly

12-hour legal hotline, provides community education, consultations and legal advocacy to new Americans. Recently, Neighbors Link Community Law Practice was selected by the New York State Office for New Americans to provide legal counsel for immigrant service providers in the mid-Hudson region. The expansion of our legal practice has allowed us to significantly increase our capacity to provide services that keep families safe and together.

## IMMIGRATION LEGAL SERVICES MAKE AN ENORMOUS DIFFERENCE.

Only 15% of immigrants facing deportation hearings **without a lawyer** are successful in their cases.

Those with a lawyer prevailed in **78%** of their cases.

Neighbors Link Community Law Practice handled 843 legal cases and **95.5% OF COMPLETED CASES RESULTED IN A SUCCESSFUL OUTCOME.**

# CULTURAL AWARENESS TRAINING FOR OUR COMMUNITY

*In our Families and Police Initiative program, police officers and local families participate in an interactive role playing exercise to build trust and understanding.*

**Building welcoming communities** where all residents are valued and can participate equally is a core part of Neighbors Link’s mission. One of the ways we work towards this is through Cultural Awareness trainings. In these trainings, we explore stereotypes, present myths and facts about immigration, do interactive role plays to experience challenging scenarios first-hand and share best practices for working in a culturally diverse community. By bringing together diverse groups and delving into difficult issues in an interactive environment, the trainings build trust and improve communication throughout our community.

In 2021 and the first half of 2022, over 800 community members participated in more than 50 different cultural awareness trainings provided by Neighbors Link.

**Cultural Awareness Training provided to:**

SCHOOL DISTRICTS, WESTCHESTER COUNTY POLICE ACADEMY RECRUITS, HEALTHCARE WORKERS, COMMUNITY ORGANIZATIONS, COMMUNITY POLICE OFFICERS, WESTCHESTER COUNTY DEPARTMENT OF SOCIAL SERVICES.

# Caring for the Mental Health Needs of Staff

**In the mental health field,** it is well-documented that the mental health of staff members is directly impacted by working with clients who have experienced intense levels of trauma. This is especially true for the staff in Neighbors Link Community Law Practice as well as other client-facing staff members; some have struggled with feeling triggered by immigration stories similar to their own.

We know that supporting staff resiliency and mental health is a necessary step in supporting our clients at the highest level. In 2021, Neighbors Link started engaging mental health practitioners who specialize in support for secondary trauma to provide regular group

support for staff members who interact with clients. Participation is voluntary, and staff members are already reporting very positive responses to the program.

**A new national mental health resource is available. Call 988 to be connected to the National Suicide & Crisis Lifeline.**

# Meeting the Mental Health Needs of Clients

**Many national studies demonstrate** that immigrants, especially undocumented people, have high levels of stress, trauma, and significant mental health issues which have only been exacerbated by the COVID-19 pandemic. The NYS Health Foundation issued an urgent report in July 2021 indicating that Hispanic New Yorkers now have the largest proportion of reported symptoms of anxiety and depression compared with other racial or ethnic groups. Additionally, immigrants often face significant barriers to accessing quality, affordable mental health care, particularly in their native language.

To address these issues, Neighbors Link has designated addressing mental health needs as a top priority. Our approach is to build

capacity internally, deepen partnerships with mental health providers and advocate for systemic improvements to provide more services, especially in Spanish. As a trusted resource for the immigrant community, Neighbors Link will coordinate services while engaging mental health service providers.

Already in 2022, we have worked with the Mental Health Association (MHA) of Westchester to bring onsite, bilingual mental health appointments to our clients. In addition, we trained over 100 of their staff members in cultural awareness specific to the immigrant experience.

# Immigrants Leading the Charge in Advocacy

**At Neighbors Link, we know** that the strongest communities are those where all residents have the opportunity for economic mobility and social inclusion. Unfortunately, far too often, government policies limit the ability of immigrants to fully participate in society.

Neighbors Link works to empower immigrants as they advocate for their rights and to bring together long-term and newer residents to fight for policies that recognize the dignity and value of every human.

In 2021, immigrant excluded workers led the fight for the extremely impactful \$2.1 billion Excluded Workers Fund. In the coming year, we will continue to advocate for policies at the state level that provide healthcare, legal and worker protections for immigrants as well as national policies such as a pathway to citizenship for the millions of immigrants who are already living here and contributing to our communities.

# Partnering in Refugee Resettlement

Northern Westchester  
Refugee Resettlement Initiative  
[resetwestchester@gmail.com](mailto:resetwestchester@gmail.com)

**In the past year,** war and unrest have led to a dramatic need for refugee assistance throughout the United States. Many new, volunteer-led refugee resettlement groups have popped up in Westchester and Neighbors Link is providing support, advice, and referrals to several of these groups. One group, ReSET Westchester, asked Neighbors Link to serve as their fiscal sponsor, which means we provide the tax-exempt status for ReSET, handle accounting and donor acknowledgement and provide advice and expertise. The volunteers at ReSET have donated hundreds of hours of their time to ensure that refugee families feel welcome and supported. For more information, visit [www.resetwestchester.org](http://www.resetwestchester.org)

ReSET HAS ALREADY  
**RESETTLED FAMILIES FROM**  
**Afghanistan and Ukraine.**
